Heritage International Public School Durg aims to be the pioneer of educational institutions dedicatedly committed towards nurturing and fostering eminence. We strive for excellence in each and every and endeavor so as to achieve transcendence. I Manpreet Fulmali, Principal of the school take immense pleasure and pride to present to you a report of our activities and achievements for the past one year that is 2020-2021

VISION

The vision of our institution is to instill in students the ability and conviction to realise their full potential and excel anywhere in the world.

MISSION

Our Mission is to provide young minds with the freedom to choose and instill in them a sense of understanding and compassion to act on their choices. At Heritage, we encourage the nurturing of their natural creative ability, curiosity and inherent talents.

PHILOSOPHY

The Philosophy behind the school is to create an environment which would allow each individual child to grow with his or her strengths and overcome his or her weaknesses. To develop future leaders, not only in the field of academics but also on self-presentation, humanities, sports, dramatics, extra curricular activities, Heritage will provide an environment for its students to develop enthusiasm, perseverance and compatibility within their peer group. It will strive to nurture their natural creative ability, curiosity and inherent talents. The institution provides facilitit’s, teaching methods and ideas which are at par with the best schools not only in India but the world over. It strives to create a benchmark for all the schools in the state of Chhattisgarh. Heritage with an intelligent campus imparts a global perspective and orientation of students and aims to equip them with knowledge that will make each student a successful global Indian.

FACULTY

The faculty at Heritage comprises of well qualified, learned and empathetic teachers with the desire to share the knowledge of their subject with the students. We are fortunate to have with us a faculty of teachers which is ever eager to improvise and adapt to new challenges and demands of the hour so as to bring out the best in their students. Creativity and innovation are the benchmarks in the field of pedagogy and we continuously strive to incorporate it.

ENVIRONMENTAL EDUCATION

For the survival of mankind, environment should be preserved and that can be achieved if
students love their environment and search for new ways to preserve it. This year being at home, the students have planted saplings in and around their houses. The School has a green look with a lot of plantation all around with a beautiful botanical garden.

PARENT TEACHER MEETING

Parent teacher meeting is held on regular basis and new members of the PTA were nominated for the year 2020-2021. Parents provide the valuable feedback and suggestions to the teachers and teachers in return provide them with the academic work done and changes made in school for improvement. The PTA is a group of closely knit individuals who work together for the betterment of the students. We thank and congratulate them for their continuous support and cooperation.

ACADEMIC ACTIVITIES

Academic activities and competitions encourage and foster a healthy and competitive spirit. The activities are conducted at classroom level, school level and inter house level. Some of them are essay, speech, handwriting, slogan writing, article writing, story telling, recitation, vernacular transcription, creative writing, story writing, General Knowledge, Science and Maths quiz were also conducted. Value-based education and life skills training is imparted so as to make the students morally and socially learned individuals.

TRAININGS, WORKSHOPS, ORIENTATION AND COUNSELLING

Every academic year, trainings, workshops and orientation programs are conducted for teachers and students to improve and implement innovative ideas in teaching learning practices as well as to take the students beyond their current level of learning. This year too teachers participated in all the mandatory trainings and workshops by CBSE as well as from other Publications in an online mode. Online counselling for the students was also done by JCI group and certificates were awarded to the students.

EXTRA CURRICULAR ACTIVITIES

Every activity in school life plays a significant role in a child's development. Extra curricular activities are an essential part of school life as they help to enhance the learning process of the students. Through these activities we strive to bring in social skills, intellectual skills, moral values, personality progress and character appeal in our students. Some of these activities are greeting card making, poster making, best out of waste, dance competition, fancy dress, online drawing competition, cooking without fire, photo frame making, etc.

GAMES AND SPORTS

We at Heritage instill in students the prime importance of sports which makes them physically and mentally fit. We got the FIT INDIA SCHOOL certificate from CBSE for our untiring efforts to motivate our students. Our students participated in online Yoga, meditation and martial arts.
CELEBRATIONS

In order to foster the values of national integration, international understanding, religious and cultural awareness and tolerance, various National, religious and cultural festivals were celebrated in an online mode this year. Independence Day and Republic Day were celebrated. All religious festivals were again celebrated in an online mode where students belonging to different faiths participated enthusiastically in different activities organised by the school. Significant recognition is given by the school to different Global events like Earth Day, Hindi Diwas, Yoga day, Road safety day, etc. Various activities and competitions were conducted by school where again the students participated enthusiastically.

EDUCATIONAL TOURS AND FIELD TRIPS

Learning by doing is a great way to learn but this year outdoor tours had to be skipped due to the covid-19 pandemic. But we had taken our students to a virtual trip to "The Great Barrier Reef" Australia where they came to know about the reef which is suffering from the effects of climate change. Our students very enthusiastically participated in this activity.

ONLINE STUDY DURING COVID-19 PANDEMIC

This session saw a switch from regular classes in the school to online classes at home. As a result, education has changed drastically where teaching is being done through different digital platforms. At Heritage, teachers and students are regularly in contact through zoom platform and WhatsApp. Regular online classes are being conducted. A part from this, notes and homework is being sent to the students in the form of PDF's. Both students and teachers have adjusted themselves to the new ways of learning and teaching.

SMC ACTIVITIES

Due to Covid-19 pandemic, students education has been badly impacted. Various steps were taken by School to provide an effective education in these challenging times like zoom classes, online sending of work via PDF's, coordination with students and parents through WhatsApp groups. It was decided by SMC to strictly follow all the norms and guidelines regarding covid-19 pandemic issued by the government for school and staff.

CONCLUSION

I conclude my Annual report by assuring that even though our students engaged themselves in various extra-curricular and life skill activities, still top priority is given to academic performance, remedial teaching, extra classes, revision, periodic tests, class tests, assignments, term exams have kept them busy throughout the year. I extend my heartfelt thanks to our management our teaching and non-teaching staff, students and parents who gave us their maximum support and cooperation in paving the path of success.

Thank you
Manpreet Fulmali
Principal
