## D/P

"Live Green, Love Green, Be Green."

Green is the prime colour of the world and that from which its loveliness arises.

We are celebrating Green Day on 1.7.22 i.e Friday. So please send your ward in green dress on that day. Send any green coloured object or toy along with them and make them learn any rhyme on green colour .On that day the students have to bring the plant that they had planted during the Summer Vacation.
